

	<p>Dr. Oussama Benrhouma</p> <p>HOMEWORK ASSIGNMENT</p>	<p>Class:</p> <p>CCS 3085 Image processing</p>
---	---	---

It is required for all students to conduct excessive research on transformation techniques in Image Processing.

- Types of transformations
- Mathematical definition and representation of transformation.
- Different transformations used in image processing

Students are expected to deliver a report explaining their findings.
